Council Strike 60 Mills Rate

Coleman town council, at its meeting held on Wednesday evening April 15, brought in the budget and struck a millrate of 60 mills as compared with last year's 47 millrate.

The 60 mills will be divided as follows:

Municipal, 26.8; school foundation, 24.7; school requisition, 8.2; Hospital Act, 3.7, and Chinkook Health Unit, 2.2 mills.

The budget allows for \$2800.00 for fire, \$7650.00 for police, \$2300.00 for buildings, \$14,500.00 for public works, \$3300.00 for Health and Welfare, \$4100.00 for Recreational and Community, \$5450.00 for capital expenditures, \$8,625.00 for the School Foundation, \$8860.00 for the School Requisition, \$4906.00 for the Hospitals Act and a \$5200.00 contingency for uncollected current taxes and interest.

With Mayor Jack Ostash being in Edmonton Hospital for an uncertain length of time, council appointed John Holyk to the position of Deputy Mayor to act in such capacity until Mayor Ostash returns. Council set May 2nd as the date for the official opening of the new community centre which has been built on the west side of the arena. The opening will take place at 2 p.m. and government officials will be invited to attend and take part in the ceremonies.

Council accepted the requisitions of the Chinkook Health Unit for \$2312.55, the Old Man River Planning Commission for \$717.00, and the Hospital Benefits Act for \$4096. Council appointed Imre Korzei and Steve Squirek to assist part time the local Chief of Police. Matter of arranging a schedule for the police was turned over to the Police committee.

A relief case was studied in detail by council and Councillor Joe Hanrahan encouraged council to push for a welfare officer to be located in the Pass to look over local cases, as he felt it should not be the duty of the council to have to sit in judgment of local cases making applications for relief. A letter of thanks was received from the Crows Nest Pass Municipal Hospital Board for the assistance rendered by Coleman in aiding Blaimore to provide water for the hospital when a water main feeding the hospital, broke during a cold spell.

A letter was read from the theatre inspector recommending that several improvements be made at the arena and community centre. These recommendations have been turned over to the Building committee for action.

A water analysis report indicated that Coleman water was free from any contamination.

Collins and Haynes, auditing firm of Calgary, were re-appointed as auditors for the coming year.

A delegation comprising School Trustees John Salus, chairman;

John Owen, Jim Park, Bill Skura, Secretary Nora Gouding and School Principal Horace Allen were present at the meeting requesting the town take action on a number of matters.

Mr. Salus asked that consideration be given to grading the south-west corner behind the new school to provide more parking area for students and other cars.

The Board is prepared to assist financially with this project. The matter of providing proper drainage from the school entrance through the underpass where students are obligated to pass, was discussed and action is to be taken to correct this problem.

Mr. Salus reported that the street light at the entrance to the new school grounds is too small. Council advised this was only a temporary light and a better one would be installed.

Mr. Salus added that some of the ratepayers were requesting an additional light in this district.

The school is planning on paving some 5600 square yards of grounds in the Central and Cameron school yards and since the town have presently engaged a gravel crushing crew, the board thought possibly the town was planning on having some paving work done, and it was felt that by the town and school working together a more reasonable rate could be obtained from a contractor doing this type of work.

Mr. Salus also requested that the town sign be erected at both ends of the street approaching the Cameron School, as a number of speeders have been noticed in the area. It was also requested that crosswalk lines be painted on the street at Ondrus' corner and in the middle of the street at the entrance to the school grounds.

Council indicated that many of the items brought up were already being given consideration by council and that they would comply with the wishes of the School Board.

Speaking on his own behalf, Mr. Salus, a merchant, also asked that council give consideration to paving to the curb the street in the vicinity of his business in West Coleman as the entire of the street in this area is paved and then the parking lane is gravel to the curb, producing muddy conditions in wet weather.

He also asked that council in future give thought to a snow removal program on the south side of the street in this area, which is always in the shade and is left in an icy condition long after other areas have dried up in the spring. Council will look into the matter.

Jim Smith New Supervisor Employment Branch

James (Jim) Smith of Winnipeg, Man., student placement officer of the National Employment Service, arrived in the Pass this month to take over his new duties as Employment Branch Supervisor.

Mr. Smith replaces Ernest Gouding, who left here last fall to go to Lloydminster as branch manager.

Mr. Smith, a bachelor, plans to reside in Blaimore. Prior to going into the N.E.S. office he operated a farm at Birds Hill, Man.

Minerav Chapter Hold Whist Drive

Minerav Chapter No. 41, O.E.S., held a successful whist drive after their regular meeting on Thursday, April 16th.

Honors went to:

Ladies' first, Mrs. E. Krywolt; second, Mrs. J. McGregor; consolation, Mrs. A. Morris.

Gent's first, Mr. Jim Mintalbet; second, Mr. J. Bushdon, and consolation, Mr. J. McGregor.

The travelling prize was won by Mrs. E. Hill. After the cards lunch was served by the ladies.

O. A. P. Hold Regular Meeting

The Coleman branch of the Senior Citizens' Organization held its regular meeting last week when a report of the recent executive meeting held in Fort Macleod was read. Coleman was not represented at the meeting due to illness among its members.

The secretary reported that the membership now stood at 55 members. It was decided to change the annual dinner of the Association from its date in December to a date in June as it was felt that members would be better able to attend the affair at this date than in winter months.

The matter of the annual picnic was discussed and rather than have a joint affair with Pincher Creek it was decided that they have their own picnic outing and invite the Hillscrest group to attend. Place and date of the picnic will be announced when arrangements are completed.

In lieu of entertainment the organization enjoyed an evening of bingo after which lunch was served to conclude the meeting.

If you think the world owes you a living, hustle out and collect it.

EMPIRE HOTEL DESTROYED BY FIRE

A well-known landmark on the Coleman main street was destroyed by fire on April 12 when Empire Hotel was razed to the ground. The old building was erected in 1905 and during the early days in Coleman's history, was known as the Pacific Hotel.

During World War One, it was the headquarters for the 192nd Battalion. The first proprietor was Mr. Treile who operated the business for some time, but due to a clause in the sale of land where the property was erected the sale of alcoholic beverages was prohibited so Mr. Treile sold out and moved to the Peace River district and took up farming, where in later years his son Herman won the World Wheat Championship.

The late Mr. J. A. McDonald and the late Mr. Harbison McDonald purchased the business from Mr. Treile and successfully operated it for many years. Other proprietors were Mr. F. Davies, Mr. J. Mission, Mr. R. C. Kantor, Mr. J. Bellesch and Mr. A. Sapeta.

The wild fire of undetermined origin swept through and razed the Empire Hotel to the ground around 2:30 a.m. Sunday, causing an estimated \$40,000 damage and putting one man in hospital, who had been overcome by smoke.

The alarm was turned in shortly after 2:00 a.m. and the Coleman Volunteer fire brigade, assisted by the mine brigade and Blaimore fire brigade fought a losing battle with the old frame building.

The fire, fanned by a strong west wind, soon had the dry, aged building roaring inferno, and while some members of the attending brigades just kept the fire burning under control, the remainder of the brigades concentrated their efforts on saving the business buildings east of the fire on the next block.

On arriving at the scene Fire Chief John Kinnear removed one man, Raymond Ivesmaki, a roomer at the hotel, who was overcome by smoke, via a ladder on the east side on the second floor of the two-storey building.

Another man, Mike Hajas, also a roomer in the hotel, and partially overcome by smoke, was also taken up by Ed Amnell and Gilbert Miller, two Coleman firemen. Ivesmaki, after being given oxygen, provided by Hall's Ambulance Service Ltd. of Blaimore, who were on the scene, was then removed to the Crows Nest Pass Municipal Hospital by ambulance.

His condition Sunday evening was reported as good. Hajas did not require hospital attention.

Sentinel Motors, operated by Bob Findlay, on the west side of the hotel, was not damaged by fire, but Mr. Findlay, assisted by others, removed some of the cars and equipment from the garage.

Another warehouse building just across the street and east of the hotel, was also cleared of its belongings by John Ferstay, a Blaimore contractor, who stored a considerable amount of construction equipment in the building. Reports indicate that firemen put out several other small fires on neighboring buildings that had started from sparks from the hotel fire.

The hotel contained some 22 rooms, an apartment, a cafe operated by Kalmor Nemeth, and a ladies' and gentlemen's beverage room. There were some 12 roomers in

the hotel at the time of the fire, and all were able to get out of the building.

The hotel is owned by Walter Sapeta of Bellevue, who purchased the business from Richard Kantor last August. Mr. Sapeta was the owner of the Windsor Hotel at Lundbreck which was also razed to the ground by fire one year ago last February.

Alex Rowe, a bar-tender, was presently managing the Empire Hotel for Mr. Sapeta. Insurance is carried on the building and contents which were a total loss, estimated in the neighborhood \$40,000.

Mr. Ivesmaki, a chimney sweep, is formerly of Lethbridge, having come to Coleman only recently. Besides the damage to the hotel, two cars parked on the east side of the hotel and right in the path of the fire, fanned by a west wind, were also burned. One car was owned by Mr. Nemeth, cafe operator, and the other by an unknown party.

Employees of the gas company were called to the scene and natural gas service in the area was cut off until late Sunday.

C.W.L. Install New Officers

Mrs. Lorraine Aiello was presented with the gavel by Sofie Lepack to make Mrs. Aiello the new president of the Coleman Catholic Women's League for the coming year.

The new slate was installed by the Rev. Denis Fleming of the Holy Ghost Catholic Church at ceremonies held in the Catholic Hall recently.

The new officers are: President, Lorraine Aiello. Past president, Sofie Lepack. Secretary, Anne Vasek. Treasurer, Pat Kovarik.

Councillors for the coming term are Anne Gibos, Jean Kubica and Anne Pilaflo.

During the affair Rev. Fleming called on Mrs. Lepack and presented her with a crucifix and Mrs. Vasek with a daily Missal.

After a short business meeting when plans were discussed for the bazaar to be held on May 16, and a new member, Mrs. Ed Aschacher was welcomed, the ladies enjoyed a supper and social hour.

O.O.R.P. Hold Social Evening

Close to 100 persons, including the Coleman Elks and their wives, member of the Royal Purple and their husbands enjoyed a social evening in the Elks Hall on Saturday evening, April 11. The evening sponsored by the ladies of the Royal Purple, was spent in dancing, with a midnight lunch being served.

Charles Slapak Laid To Rest

Many friends and relatives gathered at Hall's Chapel in Blaimore on Tuesday afternoon, April 14th to attend the funeral service held for the late Charles Slapak of Blaimore, who died unexpectedly at his home on Saturday evening, April 11th, 1964.

The service was preached by the Rev. Kas Iwassa of the Blaimore United Church after which the funeral cortege proceeded to the Union cemetery. Interment was in the family plot.

Pallbearers were members of the former Arcadians Orchestra.

Mr. Slapak, better known to his many friends as "Charlie", was 65 years of age, being born in Bokse, Bohemia, Czechoslovakia, on November 15, 1899.

He came to Canada with his parents in November of 1913, when he was 14 years of age. The family settled in Frank and lived there until the early 1920's, when they moved to Blaimore.

Charlie and his brother Jerry, also of Blaimore, studied violin in Czechoslovakia for some six years. While in the Pass the brothers began playing at private parties and at the Frank Hotel and the old Union Hotel, and also as an attraction at the F. M. Thompson Co. Stores during sales.

Charlie played the music for the silent movies in Blaimore until the talkies came in in the early 1930's. While in Frank the brothers, assisted by Vince Kotas, still in Frank, formed a string orchestra that included Charlie playing the violin, Jerry the bass fiddle and Vince and Tony Slapak playing the clarinet and trumpet respectively.

During those days Charlie and Jerry turned their musical interests to the clarinet and saxophone and became exceptionally well-known for their talents on the wind instruments. In the early 30's the couple organized and formed the well-known "Arcadians" orchestra which provided dance and party music for three generations of Crows Nest Pass people.

Official Opening Of New Library Building

The Coleman Community Library committee installed a number of new shelves in the new library rooms earlier this month and the group are now building and preparing more shelves to be added later. The committee have also decided to purchase another \$300.00 worth of books to be placed on the shelves this spring.

Official opening of the new library building, which is incorporated in the town's Community Centre, built on the west side of the skating arena, will be made on May 2nd.

Plans are being made by the Coleman Council for an official afternoon ceremony. Government officials will be invited to attend and participate in the affair.

Helen Westley Wins Cup For Effective Speaking

Helen Westley of Coleman, was the winner of the Cup for having gained top honors in the Crows Nest Pass Jaycees Effective Speaking contest.

Runners-up were Keith Lewis of Blaimore, and Miss Wyoma Harward of Coleman.

The course in public speaking, sponsored by the Jaycees was attended by seven persons who took the 10-weeks-long course.

Instructors were Cliff Richardson of Calgary, and Chuck Armstrong of Medicine Hat. All attending the course received certificates.

After presentation of the cup was made at the Coleman School last week, retiring president, Keith Lewis called on Mr. Richardson, and on behalf of the Jaycees, presented him with a butane lighter in appreciation of his fine work in training the speakers.

Life is like a mirror; it never reflects more than we put into it.

Mrs. Annie Kubik Passes April 17

Mrs. Annie Kubik, 61 years of age, Coleman housewife, died in the Crows Nest Pass Municipal Hospital on April 17.

Mrs. Kubik was born in Fernie, B. C. on February 7, 1902, and after living there a short time the family moved to Michel, B. C., where they lived until 1921.

During this year Mrs. Kubik married her husband in Fernie and the couple moved to Blaimore where they resided until six years ago, when they moved to Coleman to make their home. She was of the Catholic Faith and a member of the Slovak Society.

She was predeceased by a son, Steve, in Calgary in 1945.

Surviving are her husband Tom, and one daughter, Mrs. B. (Mary) Dudy and three grandchildren, all of Coleman; two sisters, Mrs. Joe (Veronica) Margelek and Mary Bobrosky of Frank; two brothers, Steve of Frank, and Joe of Blaimore.

Prayers were said in Fantin's Hillsdale Chapel at 8 p.m. on Sunday. Requiem High Mass was celebrated from St. Anne's Catholic Church in Blaimore at 10 a.m. Monday, and interment was in St. Anne's Catholic cemetery. Rev. Dean P. Tessier of Blaimore officiated.

Fantin's Hillsdale Chapel was in charge.

Concert is Well Enjoyed

Earl Doucette, clown prince of the Concert stage of Standoff Alberta, entertained an appreciative audience in the Horace Allen High School auditorium in Coleman Saturday evening, April 11.

A two hour show of songs, jokes, monologues and magic were professionally performed by the artist who was given a hearty applause. The concert was under the sponsorship of the St. Joseph Worker Knights of Columbus.

EFFECTIVENESS OF ANTI-CANCER DRUGS MAY BE PREDICTED BY RESEARCH

EDMONTON: "A way of predicting which of a score of available anti-cancer drugs is most likely to be effective for an individual patient has been proposed by group of Montreal researchers and is currently being tested at the Montreal General Hospital," said Miss Claudia Tennant, president of the Canadian Cancer Society, Alberta Division, at a recent meeting in Edmonton.

A relatively simple procedure that other hospital laboratories might adopt if it proves valuable, the procedure was first developed at the McGill-Montreal General Hospital Research Institute.

Some 20 drugs have been found to inhibit tumor growth — but the effectiveness of each of them varies widely from patient to patient. The new technique, it is hoped, will give doctors a good indication of which of several anti-cancer agents available would likely be best to use for a particular patient.

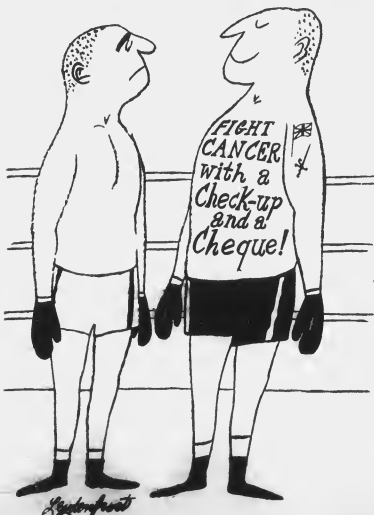

In the procedure now being tested, tiny slices of a tumor from an individual patient are obtained from a biopsy. The speed of the four main life processes in the tumor cell are then measured — how fast the cells use up oxygen; how fast they consume glucose sugar; how quickly they build up proteins, and how fast the cell nucleus synthesizes nucleic acid.

Then, the wafers of tumor tissue are exposed to the various anti-cancer agents being considered as treatment. The effect each drug has in inhibiting the growth of the tumor cells is checked by measuring how each of the four metabolic processes is slowed down.

"Use of this procedure can't guarantee that a given drug will benefit a patient," said Miss Tennant, "but we hope that it may prove to be sufficiently helpful that before selecting a drug for treatment a doctor may have reasonable grounds for believing that the one he is choosing as the most effective in the test will also be the most effective when used in the patient."

The original research, carried out by the McGill Research Institute, under Professor J. H. Quastel, and the follow-up studies by Mrs. Ivars Bickis and Dr. I. W. D. Henderson, at Montreal General Hospital, were both supported by funds provided by the Canadian Cancer Society, Miss Tennant announced.

GIVE to the Canadian Cancer Society

Rising Rivers Create Hazard

The return of fairly warm spring weather to the Crow's Nest Pass has started some of the mounds in sunny spots on surrounding mountains to melt and the runoff is beginning to cause the many streams in this area to rise.

The fast-flowing waters seem to be an attraction to young people some of whom bravely but foolishly venture out onto the edge of the undermined ice along the river banks.

Several young people have already been seen by the river's edges and police in the area are requesting that parents take heed and keep the young people away from the rivers to avoid any mishaps.

Each year large pools of water form in low spots in the Pass area and many young people have been seen building rafts, sailing and poling their way from side to side. Some of the pools of water are from three to six feet in depth and a young person falling in this icy water would not have a chance of getting out.

Towns in the district have, over the years, walked open spots on bridges to keep young people from leaning over the bridge edges to look at the water and some of the depressions in the area have been filled with various types of fill to eliminate the deep ponds. Some still exist and children will, if given a chance, find these attractive bodies of water.

Parents are again urged to take steps to keep young people away from these hazards.

Jehovah's Witnesses Assembly at Taber

Local and district residents of Coleman were in Taber over the past week-end to attend the three-day assembly of Jehovah's Witnesses, held at the Taber Community Centre.

Sponsored by the Watch Tower Bible and Tract Society, the week-end meetings consisted of a Bible short course for the purpose of improving Bible study techniques in spreading the word of life in Southern Alberta areas. Such refresher courses are held at regular intervals during the year in over 194 different lands where Jehovah's Witnesses have congregations.

Highlighting Saturday's sessions was a special baptism and ordination service for two new ministers who will serve in the Southern Alberta district.

Climaxing the week-end's activities, C. B. Statton, guest speaker from the Society's branch office in Toronto, discussed the subject — "Facing Up To The Urgency of Our Times".

Speaking to 372 in attendance, Mr. Statton referred to why our time is an urgent one. Because of the many pressures which beset mankind such as: widespread immorality, materialism, national disturbances, nuclear war and the greatest pressure of all, the approach of God's War of Armageddon.

Mr. Statton emphasized that by using the Bible as a guide to our daily living, all these pressures can be overcome, and God's favor can be obtained with protection from Armageddon received. The result, Mr. Statton said, would be a world where the present pressures would never again exist.

The conventioners were given encouragement as they looked forward to better things for the future.

N. E. S. News

Q—Can I be considered unemployed if I work in any week?

A—If you work less than full time, your weekly earnings are deducted from your benefit, with the exception of stipulated amount based on your benefit rate and called allowable earnings.

Q—If I have a pension or some similar private income, am I disqualified for benefit?

A—No. Income of this sort is not earnings and does not disqualify you from receiving benefit when you are unemployed.

Q—Do I get benefit if I lose my job because of illness, injury, or quarantine?

A—When you make your claim you declare that you are capable of, and available for, work and unable to obtain suitable employment. If you leave your job because of illness, injury or quarantine, obviously you are not capable of work and, therefore, cannot be paid benefit until you become capable of work again.

Q—Can I be paid benefit if I fall ill, or am injured or quarantined while unemployed?

A—If you have already put in the waiting period and are qualified to actually begin drawing

benefit when the illness, injury or quarantine occurs, your payments are not affected. However, you must furnish proof that you are ill, injured or quarantined if you are asked to do so.

Q—Will benefit be paid to me while I attend a course of instruction or training?

A—Yes, if you have established a benefit period and if the Commission has directed you to attend the course. You may not be paid benefit while attending a course if you left your employment voluntarily to attend the course or if suitable employment is available for you. Your local office will give you full details about this.

Lund - McDonald Wedding Solemnized In Calgary

On Saturday, April 4th St. Mary's Cathedral in Calgary was the scene of a wedding of local interest, when Darlene Marie McDonald became the bride of Bruce Ernest Lund with the ceremony being performed by the Rev. Father Palardy.

Given in marriage by her father, the bride was gowned in de-lustrated peau de soie with lace bodice, lily-point sleeves and a floor-length bouffant skirt. Tiny bows caught a cathedral train at her shoulders. A shoulder-length veil fell from a large single rose of organdy. Her white missal was overlaid with yellow rosebuds and lily of the valley.

Maid of honor, Barbara Cooney of Calgary, and bridesmaid Maureen McDonald, sister of the bride, wore street-length gowns of mint green nylon organza with matching Juliette caps. A cascade of yellow mums and white carnations formed the attendants' bouquets.

The tiny flower girl, Allison McDonald, in bouffant, yellow organdy, carrying a basket of yellow roses and white carnations, preceded her sister up the aisle.

The groomsmen were William Clarkson of Calgary.

A reception for sixty guests followed at the Al San Club. Toast to the bride was proposed by the groomsmen, and responded to by the groom.

Telegrams of congratulations were read from New Orleans, Toronto, Quilicum, B. C., and Edmonton; from the bride's paternal grandmother, who was unable to be present.

For a honeymoon in Great Falls, Mont., the bride wore a pink double-ink three-piece suit, and a gardenia corsage.

The young couple are making their home in Calgary.

Jeanette Friesen, Larry Featherstone Exchange Vows

St. Paul's United Church was the scene of a quiet wedding on April 4, 1964, when Miss Jeanette Friesen became the bride of Larry Featherstone of Coleman.

Rev. H. G. deLeuw officiated at the afternoon ceremony.

The bride looked radiant in a short fluffy white dress made in bouffant style with matching short veil. Her sister, Annabelle, was the bridesmaid, and she wore a short pink dress of nylon sheer and lace and a pink rose covered hat.

Best man for the occasion was Myron Newman of Coleman.

The bride was given in marriage by her father, Jack Friesen.

A wedding reception was held in the Elks hall where an evening of dancing was held after the wedding supper. The young couple will take up residence in Fort Macleod.

Shower For Recent Bride

A miscellaneous shower was held recently in the Elks hall for Mrs. David Patterson (nee Sharon McDonald). The bride and her mother were presented with corsages and escorted to their seats by Mrs. Frena Langille, and Mrs. Jeanette McDonald.

Bingo and whist were then played with whist honors going to Mrs. Helen Dorcas, first; second to Mrs. Helen Skur, and consolation to Mrs. Mascharine.

The door prize went to Mrs. Helen Liddell.

Following a dainty lunch served by the hostesses, the gifts were viewed. A Corning ware set, ironing board and cover was the hostess' gifts, with a hostess chair and stool, electric toaster, Corning-ware coffee pot and tea pot, copper canister set, a step table and flowered sheets and pillow cases being from donations.

Sharon then thanked her many friends, especially the hostesses.

Any foot can criticize, condemn and complain—and most fools do.

Lions Name Bingo Winners

Winners of \$12.00 prizes at the Lions Club bingo night were:
Ed Nuttal of Blairmore, Mrs. J. Christie of Bellevue, and Albert Fauville.

\$10.00 winners, Louise Macleod, Mark Scheidegger, both of Coleman, Ron Johnson and Mrs. Josephine Mills, both of Blairmore.

\$6.00 winners, Francis Cole and Joe Semenzin, both of Blairmore; Mrs. Pollack of Natal, B.C., Dick Mitchell of Michel, B.C., Dick Marquardt and Mary Bowman of Coleman.

\$2.00 winners, Mrs. Pollack, Olive Jillian of Bellevue, Francis Cole of Blairmore, Dora Ondrik of Blairmore, and Mrs. Graham Atkinson of Coleman.

Door prize winners were Dora Kroli and Mrs. M. Cox of Blairmore and Vera Feregott and Bebe Tymchyn of Coleman.

The next bingo night will be on April 29th when cash jackpot prizes of \$135 in 58 numbers and \$115 in 59 numbers will be offered.

Elks Announce Bingo Winners

Winners of prizes at the Elks bingo night were:
Grocery hamper, Mrs. Matt Jarvis of Blairmore.

TV table and stool set, Nina Hurd.

25 gallons gas, Hilda Blas of Blairmore.

\$15, Mrs. Helen Latka of Natal.

\$20, Mrs. Steve Ulrich of Blairmore.

\$25, Jean Fields.

\$12.50, Josephine Mills of Blairmore.

Grocery hamper, Shirley Jones.

Pole lamp, Rea Pinel of Blairmore.

Electric frying pan, Mrs. B. Parry.

Easy rocking chair, Mrs. Anne Horkat of Bellevue.

\$11.25, Francis Cole of Blairmore \$15 cash consolation on the \$200 jackpot to Hilda Caroe.

The next bingo night will be on April 24 when a \$200 cash jackpot will be offered for the first black-out in 53 numbers.

Cancer Poster Winners Named

The Crows Nest Pass branch of the Canadian Cancer Society have announced the winners of the annual school poster contest, sponsored by the Cancer Society.

Winners this year are grade 7 and 8 — first, Gary Fowler, Bellevue; second, Bill Homans, Cowley; and third, Gary Elliot, Bellevue; fourth, Ruth Knight, Bellevue.

In grades 9 and 10 — first, Marie Vrabec, Blairmore; second, Bill Trots, Coleman; third, Judy Campbell, Coleman; and fourth, Francis Hurtak, Bellevue.

Winning posters in the local contest have now been forwarded to Calgary where they will be entered in the provincial competition, where the grand prize winners will be decided.

Announcement of the winners will be made the latter part of the month of May.

Outdoor gardens for gracious living

A great new era of robust indoor-outdoor living that will contribute more physical fitness and family pleasure through gardening is pre-

dicted by the Canadian Association of Nurserymen.

"This new indoor-outdoor living will make home life so rich and attractive that people will spend much more of their incomes on their home properties rather than spending on things that take them away from home, often without any lasting benefits," the nursery group states.

"To maintain housing values, to prevent the ruinous waste of some housing developments which degenerate into slums in 10 or 20 years, housing must be planned so the whole residential area, including the land, will remain beautiful and well-preserved for the longest possible time. When the land is not improved for living by proper planning and planting, home values depreciate at much faster rates. The indoor-outdoor concept conserves the land as well as the house and uses both to live fully and wholesomely.

"It is, however, more than increasing property values," the Canadian Nurserymen say. "It is full realization that we cannot continue to move to new housing developments forever, there is not enough land available. The time is here right now, when we must conserve all land, especially in and surrounding urban areas.

"Much can be accomplished by planning housing for more permanent values and better living," it is stated.

"The indoor-outdoor idea helps a lot in accomplishing this. Moreover, it is the most satisfying and healthful way to live for practically everyone, with more wholesome family fun, as well as more physical fitness by gardening effort, which, the association concludes, "does more for the gardener than it does for the plants."

Letters to the Editor

Stanrock Mine.

-Box 1700-

Elliot Lake, Ont.,

April 7, 1964.

The Coleman Journal,
Coleman, Alberta.

Dear Mr. Holstead:

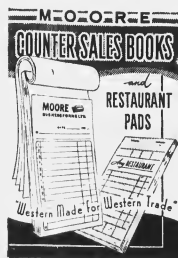

I am sending a cheque for \$2.00 for renewal of my subscription to The Journal. I certainly would miss it if I didn't receive it.

I was very sorry to hear of the tragedy to the Ostash family.

Yours very truly,
(Mrs E. A.) Myrtle Jennings.

IN ORDER TO PUBLISH

reports of meetings of various organizations, it would help if a press correspondent was appointed by each one to send in the news. It is impossible for a reporter to attend all the meetings, therefore co-operation would be appreciated, and at the same time publicity would be assured for the meetings.

The Coleman Journal

Have you applied for your Social Insurance Number?

Your government is issuing Social Insurance Number Cards in place of the unemployment insurance numbers that most employed people have had until now. The new numbers will help government to use modern office methods for greater efficiency in handling unemployment insurance, and also other social benefits such as proposed pension plans.

For these reasons, you are invited to apply for a Social Insurance Number, even if you are not contributor to the unemployment insurance plan.

If you haven't yet applied, here's what you do.

IF YOU ARE AN EMPLOYEE your employer will give you an application form. Fill it out and return to your employer promptly.

IF YOU ARE UNEMPLOYED and drawing benefit you will complete an application form when you report to the Unemployment Insurance Commission in person or by mail.

IF YOU ARE AN EMPLOYEE registered with the Commission, you will receive application forms automatically. If NOT registered with the Commission, please get in touch with your local U.I.C. office and application forms will be sent to you. Distribute application forms to your employees, have them completed and return them together, not individually, to the Commission.

COMPLETE YOUR APPLICATION NOW

A Low Wage Scandal

The International Woodworkers of America directs public attention to the low wages and poor working conditions in Southern Alberta lumber operations. The Union is forced to the conclusion that the organized employers are determined to depress wage levels for woodworkers. **This has now become a scandal.**

Due to the attitude of the employers, the Alberta collective bargaining procedures have failed to gain just treatment for woodworkers who have protested. **The resulting unrest has led to two strike situations.**

The employees of Blairmore Sawmills Ltd., Blairmore, Alberta, have been on strike since March 9. The employees of Fort Plywood & Lumber Co. Ltd., Fort Macleod, have postponed a legal strike deadline to allow an opportunity for mediation. This is the first stage of a struggle that **will continue until their circumstances are bettered.**

On behalf of the employees involved, the IWA presents the following facts:

1. The employees of Blairmore Sawmills Ltd. were paid at a base rate of \$1.32½ an hour. They requested a wage increase of 25 cents an hour. A Conciliation Board recommended an increase of seven cents an hour over two years. This majority award was rejected by the employees in a government supervised vote. Under government supervision they voted to take strike action by secret ballot. Their picket lines have closed down the Company's main operations.

2. The employees of Fort Plywood and Lumber Co. Ltd., Fort Macleod, were paid a base rate of \$1.40 an hour. They requested an increase of 25 cents an hour. A Conciliation Board recommended a series of increases to bring the base rate up to \$1.55 an hour. July 1, 1964; seven paid statutory holidays and MSI coverage on a fifty-fifty basis. The Company rejected the majority award which was accepted by the employees. A government supervised strike vote was requested and recorded a decisive majority of the employees in favor of strike action.

3. Blairmore Sawmills Ltd. gave no satisfactory proof of financial inability to pay the proposed wage increase. The employees perform work at \$1.32½ an hour, comparable with the work performed by British Columbia workers, only 25 miles distant across the provincial boundary, for a base rate of \$1.89 an hour. The Blairmore workers process the same grades of lumber from the same species for the same market. The payment of low wages provides the employer with a profit advantage in the domestic and U.S. markets at the expense of the employees.

4. Fort Plywood & Lumber Co. Ltd. assembles and finishes plywood from sheets of veneer peeled

from logs in British Columbia mills. B.C. workers are paid a base rate of \$1.89 an hour for the initial processing; Fort Macleod workers are paid a base rate of only \$1.40 an hour for the finishing stage.

5. The wages paid in these operations are well below the average weekly earnings in Canadian manufacturing. A survey made of commodity prices has disclosed that the costs of living in the area are higher than for the higher-paid British Columbia lumber workers. Surveys made by family welfare agencies have shown that the annual take-home pay is dangerously below the standards required for decent family living.

6. Production shipments, orders on file, prices and profits are at an all-time high in the lumber industry. The industry was never in better shape to meet the legitimate demands of the lumber workers.

7. Sub-standard wages are not in the public interest. The migration of poorly paid skilled workers to higher wage areas will retard the development of the Alberta lumber industry. Experience has shown the family buying power derived from adequate wages stimulates business activity in the surrounding communities.

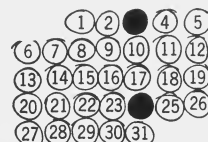

8. The Union supports strike action in the circumstances described above, only because strike action is now the only remaining alternative method of protest. The employers control the employment opportunities by right of ownership. When denied satisfactory employment conditions, workers must exercise their legal civil right to withhold their labour until fair conditions are established. The right to strike is the equalizing factor for workers in an industrial dispute, but is invoked by the Union only as a last resort.

As the employers have failed to take advantage of opportunities for mediation in these and other disputes in the lumber industry, the IWA proposes to the Alberta Provincial Government the appointment of a Commission of Inquiry. **Labour unrest in the Alberta lumber industry has reached the point where a full and impartial investigation should be made.**

This advertisement is published by the Western Canadian Regional Council of the International Woodworkers of America, AFL-CIO-CLC, 2859 Commercial Drive, Vancouver, B.C.

Are you making the most of all these Banking Services?

Your local branch of the Canadian Imperial Bank of Commerce offers a complete range of banking services. Here are a few examples:

Lack of Leaders Noted in Junior Forest Group

A fair turnout of members of the Coleman Fish and Game Association was on hand at a meeting held last week to hear a report on the Junior Forest Wardens activities,— this group is sponsored by the Association.

It was pointed out that there was a sad lack of leaders to guide the interested young people, and unless support is given to the group in the form of adult leadership, the group may be forced to fold up.

Last season some 60 young lads took part in the Junior Forest Warden group and reports indicate that the summer was well enjoyed by both young people and leaders alike.

The problem of the shortage of leaders to guide the boys has come up and the Fish and Game Association are appealing to the public in the district to take part in this movement, and those capable of leading groups of boys will be welcomed to take part.

Interested persons are urged to contact Orazio Celli or Al Krywolt. The Fish and Game Association also expressed their belief that the Crows Nest Pass area was not getting their share of fish stocking in local streams and lakes. A committee comprising Rudy Yeliga and Paul Fielevich have been appointed to make a complete survey of streams, lakes and ponds in this area that could be, and require, stocking.

A meeting is to be held in the near future to hear the men report on their findings after which the proper authorities will be contacted with respect to getting a fair quota of fish for stocking the local fishing grounds.

"Vimy Night" Social Successful

Over seventy members and guests of the Coleman Legion enjoyed a "Vimy night" social evening in the Club rooms on April 11.

Two members and Vimy veterans Alex Kotch and Sam Davidovitch of Coleman were honored at the affair. An evening of dancing was enjoyed, with lunch being served by the ladies during the evening.

Draw for the bicycle was made

with Jamie Lee Walsh of Natal being the lucky winner with ticket number 44748. The winning stub was drawn by John Skobie of Calgary and formerly of Coleman who had driven here for the Vimy night social. Proceeds from the draw are earmarked for the installation of a new gas furnace in the Legion to replace the present coal fired furnace.

Job's Daughters At Calgary Session

Under the leadership of Guardian Mrs. Joe Fauville of Bellevue, 25 girls from Bethel 4 Job's Daughters of Hillcrest, journeyed to Calgary on April 2nd to attend the Grand Session.

All girls reported a most enjoyable time. Besides the serious business of sessions, the girls also enjoyed a trip to Happy Valley. A Job's Daughters dance and Sunday morning breakfast catered to by the Calgary Shriners and served by the Demolays. Two girls and Mrs. Fauville won plane trips over the city, another girl a flight bag and another girl nylons.

Many girls were given honors. During the Introductions Miss Judy Coover sang a solo and Honored Queen Miss Randy Kimmear was installed as First Grand Messenger and was appointed Grand Representative to Philadelphia.

Andrea Lewis and Millie White received merit awards for scholastic achievements. Mrs. Fauville was given a merit award, the only adult thus honored, for her tireless efforts in the Bethel for the past 14 years,—eight of these as Guardian of Bethel 4.

Mrs. Coover was installed as second Grand Messenger of Guardian Council. The crowning glory, however, came when Bethel 4 won, for the second consecutive year, the music trophy for their choir selections. These girls are known as the Singing Bethel and were named as the Grand Session Choir.

Former Coleman Old-timer Passes In Kelowna

SIMLA — Passed away in the Kelowna Hospital on Sunday, Mrs. Annie Sophie Simla, age 53 years, beloved wife of Mr. Joseph Albert Simla of Rutland.

Funeral service was held from St. Therese's Church in Rutland on Wednesday, April 1st, at 12 a.m. Rev. Father F. L. Flynn celebrated Requiem High Mass. Interment in the Kelowna cemetery. Surviving Mrs. Simla is her husband, one son Allan on Baffin Island, three daughters, Mrs. Alan McCoy of Plains, Mont., Mrs. Raymond O'Brien of Rutland, and Miss Dianna Simla at home. Also five grandchildren, one sister, one brother, Walter Biela in Coleman, and one brother and others in Poland. Day's Funeral Service Ltd. was in charge of arrangements.

John Hogan Is Transferred

John F. Hogan, divisional Forestry Superintendent, stationed at the Crows Nest Pass Forestry offices in Blairmore for the past eight years, has been promoted to Senior Superintendent in charge of Forest Surveys.

Mr. Hogan will be leaving Blairmore this week to take over his new duties in Edmonton, which became effective as of April 1st. Mrs. Hogan and two children, Shannon and Sean will leave in late June at the end of the school term to join Mr. Hogan.

Mr. Hogan came to Blairmore in January of 1966, to replace Norman Lynn. Prior to coming here he served overseas with the RCAF from 1941 to 1945, and then studied Forestry at the University of British Columbia from 1945 to 1949.

During his eight years in Blairmore he has taken an active part in community affairs being a member of the Knights of Columbus, where he holds the position of Deputy Grand Knight, the Blairmore Elks Lodge, and the Civil Servants' Association.

He is chief instructor of the local Cadet Corps and holds the rank of Captain, and is well known in minor hockey circles having coached the local pee wee hockey teams for several years.

Mrs. Hogan is also well known, being a member of the drill team of the Blairmore Order of the Royal Purple. She is also a member of St. Anne's Catholic Church choir and the Crows Nest Pass Choral Group. She is a member of the Blairmore Ladies' Curling Club and was the first secretary of the newly-formed Blairmore Recreational committee.

Lots of people know a good thing the minute another fellow sees it.

Headlights Need Checking

"Faulty headlights on an automobile can cause injury or death, on the highway," warned J. C. Holloway, secretary of the Canadian Highway Safety Council's vehicle safety committee.

Wrongly adjusted or burned out headlights could confuse or mislead approaching traffic, he said, and fatal road crashes could result. Mr. Holloway, who is general service manager for Studebaker of Canada Ltd., declared "Headlights are one item of a car's equipment that can be faulty without the driver knowing it. Every car driver must check his vehicle's headlights regularly."

Mr. Holloway added a warning that a car's front-end turn signals should always be in working order and always be used.

"Signalling your turn direction alerts oncoming drivers and can prevent serious mishaps, both on highways and streets," he said. "Sometimes this mechanism develops faults, often preventing the automatic shut-off and the signal continues to operate after the turn is made. This," he cautioned, "can be as dangerous as failing to signal."

He urged every motorist to take advantage of the Council's April-May car-check campaign to have his vehicle thoroughly checked by trained mechanics, for his own safety as well as the safety of others.

"At Home"

Friends and relatives of Mr. and Mrs. Michael Robinson are invited to call at the home of Mr. and Mrs. John Owen on 7th Street, when they will hold "open house" on Saturday, April 25th, from 2:00 to 5:00 p.m. The occasion being the Sixtieth Wedding Anniversary of Mr. and Mrs. Michael Robinson. No gifts by request.

IN MEMORIAM

In Loving Memory of a dear husband and father, Stephen Panek, who passed away on April 22, 1963.

One year has passed, dear father
Since you were called away,
How well do we remember
That sad and weary day.
You suffered much, you
murmured not,
We watched you day by day,
We cried and prayed that
your dear life,
Would not be taken away.
Lovingly remembered by
his wife Anne, his daughter
Mary, son-in-law Tommy and
grandson Stephen.

Card of Thanks

Mayor and Mrs. Jack Ostash of Coleman wish to express their sincere thanks to all who were so kind to them during their recent sad bereavement. Acknowledgement of floral tributes, Mass cards, sympathy cards and all kindness of every type will be made in the near future.

Jack and Marie Ostash.

Card of Thanks

The Coleman Midget Hockey Club wish to thank all those who helped and supported their Bake Sale, making it a success; also all who helped in any way during the past hockey season.

Card of Thanks

We would like to express our sincere thanks to Dr. Aiello and Dr. Martinez, the matron and the staff of the Crows Nest Pass Municipal Hospital for the kindness and care shown us while we were patients in the hospital.

Mr. and Mrs. George Derbyshire.

Card of Thanks

We would like to express our sincere gratitude and deep thanks to all who were so kind to us during our recent sad bereavement.

A heartfelt "thank you" to the doctors, nurses and staff of the Crows Nest Pass Municipal Hospital, the clergy, the police, the fire departments, the telephone operators, the ambulances, the Coleman Legion, the Coleman Elks and Royal Purple, and the people of Coleman and the Pass towns.

Mr. and Mrs. Mike Ostash, Cranbrook, B. C.
